

Odour & Stain Digester

BT7

Available in: 4 x 5ltr & 10 x 1L
Order Code: 1798/57 & 1698/57

BT7 is supplied ready-to-use in 5L or 1L bottles.

PRODUCT DESCRIPTION

- A biotechnology based formula designed to break down odours at source and remove stains
- Ideal for use on carpets, upholstery, fabrics and flooring
- Eradicates soiling such as body fluids and spilt beverages that have been absorbed into the fabric
- Also effective around urinals, walkways, sink outlets, baths, showers, kitchen waste units
- Prevents regrowth of mould and moss on damp paths and in changing areas with poor ventilation

DIRECTIONS FOR USE

Use neat as supplied for odour treatment and removal of black moulds, fat & urine.

For general maintenance, dilute up to 1:20. First remove any loose debris/soiling from surface, then apply solution to the affected area immediately after contamination occurs.

For Best results, leave for 2 - 3 minutes before wiping away any excess liquid. Do not rinse. Allow to air dry.

The Maximum Eco Biotech Range provides the highest level of cleaning performance with a minimal impact on the environment.

Provides optimum performance

Reduced carbon footprint in production and in transit

Multi-sector usage

Low cost in use

- Works rapidly to eliminate unpleasant odours not just mask.
- Effective for use on carpets, upholstery, fabrics and flooring where soiling such as body fluids and spilt beverages have been absorbed into the fabric.
 - Contains a fresh, pleasant deodorising fragrance.
 - Ideal for use in care homes, hospitals and schools.
- Contains unique probiotics which work by using eco friendly bacteria that create enzymes and helps break down organic matters and digests the source of malodours.

ADDITIONAL DILUTION RECOMMENDATIONS

General maintenance for clean and fresh surfaces;

Dilute up to 1:20.

Bucket: Add 50ml BT7 per 1L of water.

PHYSICAL & CHEMICAL PROPERTIES

Physical state: Liquid
