

# HANDCARE

4x5 LITRE [1771/22]

UFI: 5FQM-K0FK-W00P-HV98

## Ultra Foam

### Antimicrobial Hand Disinfectant Soap

## INFORMATION SHEET

### USE

An effective, fragrance-free and dye-free rinse off antimicrobial foam hand disinfectant soap, which passes the requirements of EN1499 with a 30-second contact time and effective against enveloped viruses according to EN14476.

*For use in self-foaming dispensers only.*

### DIRECTIONS

Wet hand before use, then apply 1.5 to 3ml of Ultra Foam hand soap. Rub in well across all parts of the hands for 30 seconds. Rinse thoroughly with clean running water then dry hands well. For heavily soiled hands, repeat the above process.

Claim	EN Test	Contact time
Bactericidal	EN 1499	30 seconds
	EN 13727	30 seconds
Yeasticidal	EN 13624	30 seconds
Virucidal	EN 14476	30 seconds

### TECHNICAL

Physical state:	Liquid
