

SUPER CONCENTRATE RANGE

Product	Features	Directions for use	H&S
<p>SC5 Toilet Cleaner 2360/26</p> <p>add 40ml into Fill 1L bottle with water, then add 40ml of SC5.</p> <p>x50 </p>	<ul style="list-style-type: none"> • Concentrated acidic formula for cleaning and descaling toilets and urinals • Thickens when diluted to cling to vertical surfaces, increasing contact time and efficacy • Suitable on most hard, washable surfaces, including porcelain, stainless steel, chrome and ceramics • Effective in hard and soft water areas 	<p>Start by flushing the toilet. Apply product evenly around the toilet bowl and under the rim. Leave for an adequate contact time. Scrub using a toilet brush. Rinse by flushing the toilet.</p> <p>* Dilute only as instructed, shake gently before use. * Do not use on acid sensitive surfaces or vitreous enamel such as marble and terrazzo.</p> <p>Toilet Bowls: For best results flush the toilet and force water around "S" bend with toilet brush. Aim the diluted 1L angled neck bottle of SC5 under the rim at the water outlets and around the toilet bowl above the water level. Leave for 5-10 minutes and agitate with a brush if necessary. Flush with clean water and rinse brush after use.</p> <p>Urinals: Apply diluted SC5 evenly across the surface of the urinal. Leave to act for 5 minutes before scrubbing stains with a brush. Allow to flush automatically. Rinse brush after use.</p>	<p>WARNING</p>
<p>SC6 Washing Up Liquid 2341/00</p> <p>x1 into or Fill sink or trigger bottle (750ml) with water, add 1 pump (15ml) of SC6.</p> <p>x133 or </p>	<ul style="list-style-type: none"> • Ideal for hand washing of pots, pans, crockery, glass, kitchen utensils and hard surfaces • Cuts through stubborn dirt, grease & grime 	<p>Fill sink with hot water from the tap and add SC6. Wash pots, pans and utensils in the normal way. Use a scourer to remove stubborn food deposits from pots and pans. Heavy greased and burnt on items will require pre-soaking prior to washing in the sink. Rinse off with clean hot water and allow to air dry.</p> <p>ADDITIONAL DILUTION RECOMMENDATIONS</p> <p>Dishwashing: SC6 may be diluted up to 1:1000 in warm water depending on the amount of grease and soil to be removed. Place items in the bowl, allow to soak, then wipe with a cloth, sponge or brush. Drip dry and polish with a soft cloth.</p> <p>Hard Surface Cleaning: Dilute SC6 up to 1:500 parts of warm water, wipe surface clean with a cloth and allow to air dry.</p>	<p>WARNING</p>
<p>SC7 Glass & Interior Cleaner 2367/01</p> <p>x1 into Fill trigger bottle (750ml) with water, add 1 pump (15ml) of SC7.</p> <p>x133 </p>	<ul style="list-style-type: none"> • Cleans glass & interior hard surfaces including windows, mirrors, glazed ceramics and plastic surfaces • Safe for use on high gloss laminates, polished granite & stainless steel • Evaporates leaving a clean, smear-free finish 	<p>Use a lint free cloth or paper towel. Simply spray onto surfaces and wipe off. Use a dry cloth or paper towel to buff up the surface to a shine.</p> <p>* Do not apply to hot surfaces.</p> <p>ADDITIONAL DILUTION RECOMMENDATIONS</p> <p>General Hard Surface Cleaning: Dilute up to 1:50. Bucket: Add 100ml SC7 per 5L of water.</p>	
<p>SC8 Air Freshener & Odour Neutraliser 2364/12</p> <p>x1 into Fill trigger bottle (750ml) with water, add 1 pump (15ml) of SC8.</p> <p>x133 </p>	<ul style="list-style-type: none"> • An effective odour neutraliser and deodoriser • Formulated to eliminate unpleasant odours at source • Incorporates a fresh, lemon fragrance 	<p>Turn the nozzle to the "ON" position. Direct the nozzle into the area to be treated and spray. Spray away from face and avoid over wetting surfaces. Do not spray near food. Turn the nozzle to the "OFF" position, store the bottle upright in a safe place.</p> <p>* Always test a small area first to ensure no damage may occur.</p> <p>Remove gross contamination before treatment, thoroughly wet the area with product and allow to dry onto fabric, wiping other surfaces dry.</p> <p>Blot fresh urine spills with paper or towel, thoroughly wet the area with SC8 solution, remove excess liquid and allow to dry.</p> <p>Treat old spills first with a hot water extraction machine, then wet the area with SC8 solution, allow a short period to react and extract the residue.</p>	<p>DANGER</p>
