ANTIFOAM INFORMATION SHEET

USE:

An effective defoaming agent ideal for use in recovery tanks of carpet cleaning machines and other areas where foaming problems occur.

DIRECTIONS:

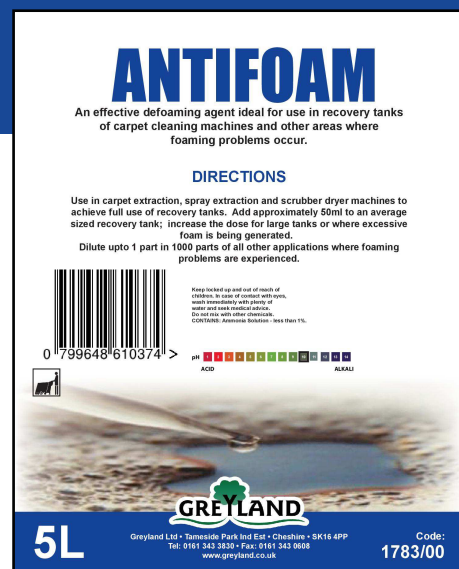

Use in carpet extraction, spray extraction and scrubber dryer machines to achieve full use of recovery tanks. Add approximately 50ml to an average sized recovery tank; increase the dose for large tanks or where excessive foam is being generated.

Dilute upto 1 part in 1000 parts of all other applications where foaming problems are experienced.

TECHNICAL:

State:	Liquid
Colour:	Colourless
Odour:	Characteristic odour
Oxidising:	Non-oxidising (by EC criteria)
Solubility in water:	Soluble
Viscosity:	Non-viscous
Flash point°C:	>70
pH Level:	9-11

PERSISTENCE AND DEGRADABILITY: The surfactants in this product comply with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. Data to support this assertion are held at the disposal of the component authorities of the Member States and will be made available to them at their direct request or at the request of the detergent manufacturer.
