

HARD SURFACE CLEANERS

6698/01
5 LITRE

FOOD SAFE DEGREASER INFORMATION SHEET

USE:

A food safe degreaser that effectively removes grease, fat and oil from a variety of surfaces. It is ideal for use in food preparation areas due to its lack of odour.

DIRECTIONS:

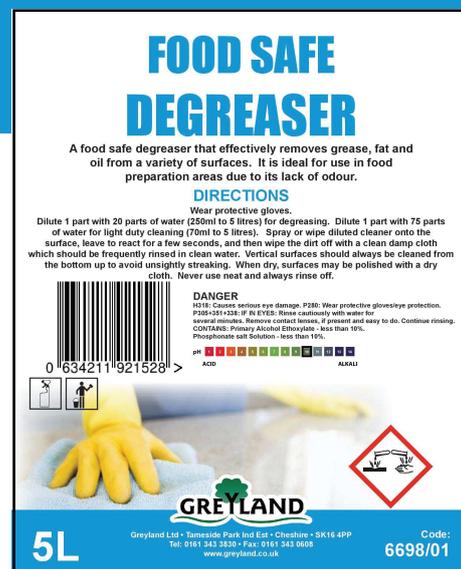

Wear protective gloves.

Dilute 1 part with 20 parts of water (250ml to 5 litres) for degreasing. Dilute 1 part with 75 parts of water for light duty cleaning (70ml to 5 litres). Spray or wipe diluted cleaner onto the surface, leave to react for a few seconds, and then wipe the dirt off with a clean damp cloth which should be frequently rinsed in clean water. Vertical surfaces should always be cleaned from the bottom up to avoid unsightly streaking. When dry, surfaces may be polished with a dry cloth. Never use neat and always rinse off.

TECHNICAL:

State:	Liquid
Colour:	Yellow
Odour:	Characteristic odour
Oxidising:	Non-oxidising (by EC criteria)
Viscosity:	Viscous
Flash point°C:	>70
pH Level:	10

PERSISTENCE AND DEGRADABILITY: Biodegradable.
